Dear David

I apologise for the delay in getting back to you.

Thank you again for providing the views of the community on the options for the house. These have been shared with local Members.

I can confirm that the Council will organise and fund work to bring the property up to standard and that it will remain in Council ownership and be used to meet housing needs identified through the Highland Housing Register.

We are now working with partners to work up a programme of works and will progress this as quickly as we can. Given the nature and extent of works the timetable may be affected by contractor availability and the need to manage the project safely in relation to Covid-19.

If you would like to discuss anything in more detail please feel free to get in touch with me.

regards

David Goldie
