COVID-19

SG COVID Economic Recovery Fund | total £80m | open now

A new £80 million COVID Economic Recovery Fund targeting support for businesses and communities will help Scotland as it moves to a new phase in the Coronavirus (COVID-19) pandemic.

Councils will have the flexibility to target support either using existing schemes like Scotland Loves Local, Business Improvement Districts or place based investment programmes, or individual local authority grant schemes. Councils will also be able to use the funding to support low income households.

In addition, a further £3 million has been allocated to the City Centre Recovery Fund, which supports sustainable economic recovery for seven city local authority areas including by driving footfall to businesses hit hard by the pandemic.

The Scottish Government will tomorrow publish a revised Strategic Framework which will set out an updated approach to managing and recovering from COVID-19.

Scottish Government Business Ventilation Fund | max to £2,500 | 31 March

The Business Ventilation Fund is a Scottish Government fund administered by local authorities. Businesses are invited to undertake a self-assessment of the ventilation within their premises to identify if any improvements could be made and what costs may be claimed back through this fund.

Any personal information about individuals gathered through the process will be held in confidence, in keeping with data protection policy and practice. Information provided in connection with an application will not be passed on without consent.

Non domestic rate payers are eligible for a one-off grant regardless of any arrears. Local authorities have some discretion to withhold grant awards in very exceptional circumstances where the business has significant outstanding arrears, which have been subject to a court decision.

When to apply: The Business Ventilation Fund is now open to applications.

Who can apply: The Business Ventilation Fund will provide funding to help small and medium sized businesses improve their ventilation, and help reduce the spread of COVID-19. Businesses are able to claim costs to improve ventilation up to a value of £2,500 for each of their premises.

The local authority will require evidence of costs being claimed such as invoices and bank statements and further relevant information may be needed.

In order to be considered for this funding businesses must meet the eligibility criteria. Eligible sectors that may be able to claim funding for eligible costs to improve their ventilation are detailed below. It is for a local authority on behalf of the Scottish Ministers to determine if a business meets the description and further information may be requested by them, where necessary, to determine eligibility of applications.

More information: <https://www.gov.scot/publications/coronavirus-covid-19-business-ventilation-fund/pages/application-process/>

SIB Recovery Loan | £50,000 - £1,500,000 | 20 May

The Recovery Loan Fund provides loans to UK charities and social enterprises who have been impacted by Covid 19 and need funds to help them to survive, recover and grow. It has been established by Social Investment Business (SIB) to make an existing Government guarantee scheme, the Recovery Loan Scheme more easily accessible to charities and social enterprises.

The Fund will lend to organisations that are improving people's lives, or the environment they live in, across the UK. All funding purposes will be considered including refinancing of existing debt onto more patient terms.

Geographical areas funded: UK

Notes on award amounts: Term of the loan is a minimum of 1 year and a maximum of 6 years.

Who can apply: Your organisation must be an eligible charity or social enterprise (see website guidance for full list). Your organisation (or group, if applicable) will need to generate at least 50% of its turnover from trading activity, have been operated for at least 2 years and based in the UK.

National Memorial Heritage Fund – COVID 19 Response Fund | N/A | April 2023

The COVID-19 Response Fund can support any heritage asset which is of outstanding importance to the national heritage and at risk due to the impact of COVID-19, through a project grant.

Full details of eligibility can be found in the guidance notes. Examples of assets which can be funded include:

- works of fine and decorative art
- museum collections
- archives
- manuscripts
- items of industrial, transport and maritime heritage
- historic buildings and land

NHMF can fund a range of costs in order to safeguard the heritage asset which is at risk. They can fund heritage projects of all sizes and there is no limit to the percentage of funding that can be applied for. However, NHMF operates as a fund of last resort, and they ask you to show that you have explored, or are exploring, all other possible sources of funding, including your own resources.

Who can apply-

The fund is open to:

- charities
- not-for-profit organisations, for example voluntary groups, trusts, social enterprises and community interest companies
- public sector organisations

Heritage assets should be publicly accessible if you secure NHMF funding.

Exclusions:

- organisational costs that are eligible to be covered by other Government support, for example, furloughing (inclusive of the remaining percentage of salary costs for staff not covered by the Government's Job Retention Scheme), or any additional salary costs above the furloughing cap
- redundancy costs of staff
- costs that are avoidable in the short term
- anything that contravenes the Governments' advice on COVID-19
- recoverable VAT

When to apply: There are no deadlines for applications. The fund will close at the end of April 2023.

How to apply: Submit your Expression of Interest via the online portal on the NMHF website. If you are applying for an organisation based in Scotland, you will need to add MFC: to the start of your project title.

Community Windpower – COVID19 Crisis Fund | total £255,000 | open now

Community Windpower is responding to the Covid-19 crisis by making £255,000 of funds available to local communities in or near our seven wind farms. They are working with our teams at BeGreen Dunbar and BeGreen Dalry, along with various community councils and the Dalry Parish Boundary Trust, to ensure funds are made available to organisations who need it most. The financial support is through

both money diverted from wind farm community benefit funds and directly from Community Windpower itself.

Diane Wood, community benefits director at Community Windpower, said:

“We’re living in worrying and unprecedented times for everyone, and now is the time we need to dig deep and help people in communities that are being negatively impacted by this crisis. Our support to the local communities began a few weeks ago, but we quickly realised from speaking to organisations that wider help was urgently required. That’s why we have now created official funds, alongside financial support to organisations we have ongoing partnerships with. Our funds are now open to applications from registered organisations, and we’re looking at providing decisions on all applications within 48 hours. We’ve done this to ensure the money we provide reaches those who need it most.”

To apply to the fund, please contact Anouska on 07747 787 192 or email anouska@communitywindpower.co.uk

UK Insurance and Long-Term Savings Sector Set Up New COVID-19 Support Fund | total £100m | open now

New funding for community-based charities and charities supporting the most vulnerable across the UK. Working in partnership with the Charities Aid Foundation (CAF), and a network of partners, including the National Emergencies Trust, the UK insurance and long-term savings industry have launched a new fund to help support some of the people hardest hit by the coronavirus/COVID-19 crisis.

About £82.6 million has already been pledged with another £17.4 million yet to be raised to meet the

goal of £100 million.

The funding is intended to provide immediate relief to charities affected by COVID-19, as well as a longer-term programme of support for people, communities, and issues where there is the greatest need, including:

- Community based charities that are under unprecedented strain
- Charities supporting the most vulnerable – in particular, families and children living in greatest poverty and older people in isolation
- Initiatives to promote wellbeing and mental health across society

Please note: Charities will not be able to apply for funding directly as the money will be distributed through umbrella bodies. Further details will be provided as they become available.

Historic Environment Scotland - Heritage & Place Programme | opens March 2022

Historic Environment Scotland (HES) is planning to launch a new Heritage & Place Programme on 30 March. This programme will replace and build on the success of their Conservation Area Regeneration Scheme (CARS) funding programme which ran from 2007 – 2020 (final schemes to complete in 2025) and awarded over £52m to 73 schemes in 69 conservation areas across Scotland. The new programme has been designed to take into account the findings from the recent [CARS review](#) with some of the key changes including the introduction of a two-stage application process with a match-funded Development Phase and the removal of requirement for schemes to be solely in conservation areas. HES are working in collaboration with the National Lottery Heritage Fund on this programme who also

provide support for heritage place projects (Area schemes). If you would like to find out more about applying for their funding please contact scotland@heritagefund.org.uk.

An overview of the Heritage & Place Programme can be found [here](#) and the full programme guidance and information about the application process will be published on the HES website on 30 March 2022. If you have any questions about the Heritage & Place Programme in the meantime or would like to note your interest, please e-mail HES at grants@hes.scot.

Zero Waste Scotland Recycling Improvement Fund | total fund £70m | open now

Zero Waste Scotland is administering a brand new £70m fund set to transform Scotland's recycling infrastructure. The Scottish Government's Recycling Improvement Fund, launched on Global Recycling Day, invites applications from all local authorities in Scotland to submit projects to improve services and treatment infrastructure.

Local authorities across Scotland are urged to apply to the fund, to help drive new innovations and improvements to recycling in their area and across Scotland.

The five-year £70 million Recycling Improvement Fund, part of the Programme for Government, aims to accelerate progress towards Scotland's ambitious waste and recycling targets and net zero commitment. It is one of the biggest single investments by the Scottish Government in recycling infrastructure to date.

The fund will be transformational in helping communities move to a more circular economy, where materials and products are kept in use for as long as possible, and where new economic opportunities and social benefits flourish, as we move away from short-term, wasteful, throwaway approaches

Home Energy Scotland Loan Scheme | £32,500 | open now

The Home Energy Scotland loan helps homeowners make energy and money saving improvements to their home. This interest free loan is funded by the Scottish Government and is currently open to applications.

Funding up to £38,500 per home is available to owner occupiers and eligible registered private sector landlords in Scotland. This covers a range of improvements including:

- energy efficiency improvements (such as insulation, glazing and boilers)
- home renewables systems
- connections to an approved district heating scheme powered fully or partially by a renewable energy source
- energy storage systems

Cashback grants are also available for a limited time for certain energy efficiency improvements.

If you are interested in applying or would like more information please call **Home Energy Scotland** on **0808 808 2282** (free from landlines and most mobiles).

Funding operates on a first-come, first-served basis and is subject to availability.

Perth & Kinross Council - Community Environment Challenge Fund | £2,500 - £10,000 | open now

The projects must be led and delivered by community groups, must make a significant difference to the local environment and be widely supported within the community. In addition, there is a requirement for a long-term maintenance commitment for any projects undertaken through the Fund.

Projects which can demonstrate any of the following are a priority for support:

- 'Spend to save' e.g. changing bedding plant areas to herbaceous plants, therefore saving on maintenance and materials
- Physical environmental improvement projects which reduce waste, increase reuse and recycling or use environmentally-friendly materials
- Enhance/contribute to the local economy such as tourism or craft, or use of local materials
- Benefits to the wider community encompassing a range of age groups and abilities
- Link to other existing or planned regeneration initiatives (e.g. conservation area appraisals)
- An ability to complete the project within 12 months.
- Demonstrate environmental sustainability e.g. carbon reduction

For works on Council-owned land, the Council would need to ensure that groups had the requisite skills and experience to let or carry out the works, that groups had adequate public liability insurance and that health and safety requirements were met. Costs relating to these requirements must be included in the overall project costs. In addition, responsibility for future maintenance would need to be agreed with the Council.

For projects which are not on Council-owned land, authorisation should be obtained from the landowner and this must be made clear on the application. Arrangements must be put in place for future maintenance and be approved by the Council.

SEPA - Water Environment Fund | £1m annually | open now

Previously known as the Restoration Fund, the Water Environment Fund provides funding to projects to help restore Scotland's catchments from the source, down through rivers, lochs, floodplains into the estuaries and out to sea. The primary focus of the funding is to tackle impacts on the morphology or physical condition of these ecosystems. Applications welcomed from all, including individuals, charities, non governmental organisations, local authorities, and companies.

Funding will only be provided to projects that go beyond an applicant's duty or regulatory responsibility. Projects funded will: restore the morphology (i.e. the condition of the banks, bed and shore) of the water environment; remove barriers to fish migration; control invasive non-native species (the fund is currently fully committed for this aspect and is closed to new applications for projects controlling invasive non-native species).

Dunard Fund | £5m annually | any time

The Dunard Fund seeks to promote and advance the arts in Scotland, and makes donations principally for the performance of classical music at the highest standard; the education and display of visual arts at an international standard; and the rehabilitation of endangered architectural masterpieces and the design and construction of new architectural masterpieces. The trustees usually dedicate a very small percentage of the fund each year to certain environmental and other projects. As a matter of general policy, the trustees prefer to engage with recipients to enable long-term development of projects and initiatives which have major and lasting significance. They are therefore less inclined to provide one-off donations.

CATAX support in R&D tax relief | N/A | open now

You would be surprised by what is eligible for R&D tax relief – it's not just for people in white lab coats. And catax have lowered their threshold for Research and development to support smaller companies through the COVID-19 challenge. Scientific research is eligible, but so are activities such as:

- Software development
- Reduction in waste
- Automation
- Development of innovative recipes/formulas
- Development of new materials
- Improved processes
- Development of new products
- Essentially anything that helps you gain a competitive advantage in a new and innovative way could be eligible for tax relief

The tax laws around R&D tax relief are complicated, and the criteria for eligibility can be ambiguous. In order to get the largest tax relief return, you need to have an expert on your side. Our R&D team only do R&D, meaning you'll be guided by the best in the business.

There's no risk attached and the initial assessment will only take around thirty minutes of your time. We'll thoroughly assess you and if we can't see an opportunity for you to claim R&D tax relief, you walk away without spending a penny.

SmallBusiness Monthly Small Business Grants Initiative | £5,000 | open now

The [SmallBusiness.co.uk](https://smallbusiness.co.uk) Small Business Grants Initiative has been established to give promising new businesses the opportunity to receive a cash prize to help them become established and grow their operations into successful enterprises.

Every month, one business deemed by a panel of independent judges to be the most deserving will benefit from a package including a financial grant, as well as being featured on the Small Business Grants website as a monthly winner.

The winners will be those companies deemed to have the most potential in their sector, based on factors such as turnover growth, innovation, aspiration, key projects completed, contracts won and partnerships forged.

The prize for each Promotion is a cash deposit of £5,000. This is a grant that does not have to be repaid. In addition to receiving cash, grant winners will benefit from editorial coverage exploring how they used

the money; articles that offer an insight into how a cash injection can benefit small businesses and help them flourish.

The money can be used towards marketing the business offering, investing in technology, or perhaps taking on some part-time staff. Small businesses in the UK that are actively trading, at least one year old and with a turnover between £50,000 and £500,000 annually may apply. Small businesses are those that employ fewer than 50 staff. The business could be operating in any sector, for example a cafe, those operating a business from home, or perhaps managing a franchise.

Support Programme for UK's Co-operative Businesses | N/A | open now

Launched by Co-operatives UK, the Hive is a £1 billion business support programme designed to enable growth among the UK's £37 billion co-operative economy. The initiative will help people who intend to start or grow co-operative or community enterprises, using various online resources, training and advice.

Between 2016 and 2019 the Hive, the first co-operative development programme of its kind in the UK, aims to support the development of the existing 7,000 independent co-operative businesses across the UK as well as help new co-operatives starting up.

The Hive acts as a cross-sectoral programme of support. Regardless of sector, the Hive is able to support organisations with:

- online advice to guide them through starting up, growth and conversions; and

- direct support, via one-to-one advice, group advice, peer mentoring and skills training.

The Hive offers comprehensive online business advice and guidance, alongside one-to-one support, peer mentoring and group training sessions, covering issues such as registration, membership development, and co-operative finance.

The initiative's online co-operative community is expected to unite member-owned businesses across the country, creating networking and business development opportunities.

DSL Business Finance & Scottish Microfinance Fund | £500 - £50,000 | open now

DSL is a Responsible Finance Provider and a member of the Responsible Finance Industry. DSL provides business start-up and growth loans for small businesses and social enterprises that cannot otherwise access funding from banks and other traditional sources.

Business Finance

The purpose of this scheme is to help businesses to grow and establish themselves, with DSL offering support throughout the duration of the loan period.

Applicants may apply for a loan of between £1,000 and £50,000. The maximum term for this loan will be five years with a fixed interest rate worth between 6% and 9%. There will be a 2% administration fee and no early settlement penalties. Private sector match funding will be required.

This loan could be used to cover expenditure such as cash flow, investment in equipment and stock as well as PR and marketing services, renovation or additional recruitment. Applicants must be able to provide the relevant documentation within their application.

Scottish Microfinance Fund (SMF)

Interested parties may apply for a minimum loan of £500 and a maximum loan value of £2,500 through the Scottish Microfinance Fund. The Fund is administered by DSL Business Finance; an organisation providing start-up and growth loans for small businesses and social enterprises.

The purpose of this scheme is to allow businesses that may have previously struggled to obtain funding the opportunity to access low cost microfinance options at a competitive interest rate. The maximum term for the loan is five years with a 6% fixed interest rate. Clients will be provided with a Loan Officer who will support them through each stage. Multiple funding options are available and there will be a team of funding experts on hand to offer guidance. It should also be noted that some sectoral restrictions may apply.

This scheme is intended for new and existing businesses and social enterprises based in Scotland that are employing fewer than ten people with a turnover and balance sheet less than, or else equal to, £2 million.

Community Funding

SG Investing in Communities Fund | N/A | opens April 2022

The Investing in Communities Fund (ICF) is a streamlined communities fund that is delivered as part of the Empowering Communities Programme. The fund reflects our commitment to investing in communities so that they can develop the resources and resilience to decide their own aspirations, priorities and solutions in response. The fund supports our most disadvantaged or fragile communities to tackle poverty in all its forms on their own terms. The fund also helps to meet our targets as set out in the child poverty delivery plan and to underpin the Place Principle by encouraging more joined up collaborative approaches to services and assets to achieve better outcomes for people and communities.

The Scottish Government hosted webinar sessions in late 2021 for interested stakeholders and prospective applicants as part of our pre-launch activity for the next round of the Investing in Communities Fund (ICF).

Scottish Community Alliance – Community Learning Exchange Fund | max £750 | March 2022

The Community Learning Exchange offers communities the opportunity to learn through the exchange of ideas and the sharing of common solutions. When community groups make visits to other communities, the most valuable part is often meeting new people with similar interests and gaining new insights and perspectives on shared challenges.

The Exchange will also fund follow up support between organisations. This might be as a result of a learning visit when it is recognised that more specific and on-going help, support, or advice is required.

As a result of the pandemic and the move to online, they now offer a blended form of the Community Learning Exchange which can include either virtual or face to face visits.

Geographical areas funded: Scotland

Notes on award amounts: The Exchange will fund up to 100% of the costs of a visit by members of one community to another community project up to a limit of £750, including a host fee.

Who can apply: The Learning Exchange is open to any constituted community group that is either a member of an SCA member network or has been approved by a network as a valid application.

How to apply: Application form on the funder website. Prior to applying you should identify your host and discuss your learning outcomes with them to ensure they are the best match for you. You should also check in with whoever is endorsing your application to ensure they are aware of the application being submitted.

The Fore Trust – Development Funding | up to £30,000 | opens 19 April

From Summer 2021, The Fore is returning to its standard offer of grants of up to £30,000, which can be spread over up to 3 years. We make unrestricted grants which have the potential to have a transformational impact on an organisation. Transformational impact includes helping organisations become more sustainable, more efficient, to grow significantly or enabling an organisation to take a major step forward of some kind. We see our grants as investments in the organisations we support.

The Fore is particularly looking to fund small organisations working with marginalised groups and led by people in the community that may have found it hard to access trust and foundation funding in the past. We want to be different. Our funding process is specifically designed to level the playing field and give no advantage to those with fundraising experience or connections.

Any registered charity, CIC, CIO or Community Benefit Society with turnover of under £500,000 in the last financial year is eligible to apply.

How to Apply: To apply for funding, organisations must first register some basic contact details at the start of each funding round – this can be done at the link below when the funding round opens. The number of registrations accepted for each round is capped to ensure we are able to give every

application the attention it deserves. Registration is run on a first-come, first-served basis. Once the cap is reached, the round is closed, so please register early (Registrations open at 10am).

Successfully registered organisations are invited to submit a simple application via a secure weblink by the deadline date noted in the timetable below. For more details of what will be required, please download our Guidelines for Application and see our Frequently Asked Questions.

A webinar providing more detail on how to prepare your application document will be available below shortly.

Garfield Weston Foundation | under and over £100,000 | N/A

The Foundation supports UK registered charities working within the UK in the areas of Welfare, Youth, Community, Arts, Faith, Environment, Education, Health and Museums & Heritage.

The Foundation awards grants for Capital, Project and Revenue costs. Where we already have a funding history with you, our Trustees may consider a multi-year request for up to three years, provided you can demonstrate that a longer term commitment will add value to your organisation's objectives.

Regular Grants

For applications below £100,000. These applications are reviewed by our Trustees on an ongoing basis so there are no specific deadlines to worry about. You can apply when you are ready and when your plans and priorities are sufficiently clear to be able to make a compelling case – see our guidelines for details of what to include.

Major Grants

For application of £100,000 or more. These are reviewed at one of the Foundation's eight Board meetings a year and are carefully planned in advance to be fair to all applicants. If you are considering applying for a major grant, please start by sending a one page summary to our Grants Assistant, Ciara Molloy via cmolloy@garfieldweston.org outlining what you are raising funds for, the total cost and fundraising target. We can give you bespoke guidance on whether you are eligible. Please note that if you are applying for £100,000 or more we typically expect your project and/or annual income to be in excess of £1 million. Please do not apply for a major grant through our website.

Types of Grant

The types of grant we make, whatever their size, tend to fall into one of three categories – Capital, Revenue (often called 'core costs') and Project work. The most important thing is that you apply for what you need as this will be your priority and therefore the most compelling for our Trustees.

The Henry Smith Charity - Strengthening Communities Grant | £20,000 - £60,000 | N/A

The Strengthening Communities grant programme is designed to support small charitable organisations working at grassroots level. Through this grant programme we want to make sure that our funding reaches the most disadvantaged areas of the UK, targeting places that are economically marginalised and affected by poverty.

We fund established organisations with a track record of delivering services directly to beneficiaries. We are looking for organisations that are embedded within their communities and are addressing local needs.

We want to fund work that enables:

- People from across the community to participate in activities which improve connectedness, opportunities and wellbeing
- People who are excluded, vulnerable or facing other forms of hardship to have access to community-based services that support positive lasting change
- A stronger, active, more engaged community

To be eligible for funding applicants must meet the following criteria:

Organisation size: £20k - £500k

Location: UK-wide, must be within the 10% most deprived areas

Funding covers: Running costs which may include salaries, project costs, and small capital costs needed to support the work.

Organisation type: community-led charities and not for profit organisations.

The Henry Smith Charity – Improving Lives Grant | £20,000 - £60,000 | N/A

The Improving Lives grant programme provides grants to charitable organisations that help people when

other sources of support have failed, are inappropriate, or are simply not available.

We support established organisations delivering services directly to beneficiaries. We are looking for services which can demonstrate a track record of success, and evidence the effectiveness of the work.

This is our largest grants programme, through which the majority of our funds are distributed.

Organisation size: £50k – £2m (in exceptional circumstances up to £5m)
Location of work: UK only
Funding covers: Running costs, salaries and projects
Organisation type: Charities and not-for-profit organisations, including social enterprises
