Support in Mind Scotland - Rural Community Engagement Fund | max £2,500 | 15 July, 21 October

Local groups and organisations across Scotland's Rural Communities are able to apply for micro grants to support and promote mental health recovery following the pandemic in Scotland's rural communities through community engagement and support approaches.

The Scheme is designed to fund creative local ideas that develop as communities work together to

protect and support the people most excluded as we recover from Covid. The grants are specifically aimed at people who face additional inequalities in achieving good mental health whilst recovering from the pandemic and are particularly aimed at:

- People who are marginalised and experience health inequalities due to factors such as poverty and social deprivation
- People who face multiple layers of inequality within specific marginalised groups: Refugees and Asylum Seekers ; Young Carers ; and LGBTI+ communities.

Grants must deliver at least one of the following outcomes:

- Raise awareness of the need to look after mental health and seek help and support
- Avert people slipping into crisis and being at risk
- Provide immediate practical support and help (housing, benefits respite)
- Provide resilience/confidence intervention
- Address specific barriers to accessing mainstream support services including but not only language or cultural barriers

Geographical areas funded: Scotland

Who can apply: Groups and organisations working in Scotland's rural communities (as defined by the Scottish Government). All sizes of groups/organisations are eligible to apply but they will prioritise smaller community groups who have less access to funding, or for whom a relatively small amount will make the biggest difference.

When to apply: The grants will be available to apply to for in three rounds of applications across all three areas:

Round 1: opens 11 January – closes 31 March 2022

Round 2: opens 1 April – closes 15 July 2022

Round 3: opens 1 August – closes 21 October 2022

All funding awarded must be spent by end March 2023, with final reports and evaluations completed by end June 2023.

How to apply: Download the application form from the Support In Mind Scotland website and return via email to the address provided.

Exclusions:

- Work that is long-term, meeting chronic long-term support needs
- Grants for individuals
- Core costs not related directly to the activity
- Items of equipment not directly related to the activity

Community Windpower – COVID19 Crisis Fund | total £255,000 | open now

Community Windpower is responding to the Covid-19 crisis by making £255,000 of funds available to local communities in or near our seven wind farms. They are working with our teams at BeGreen Dunbar and BeGreen Dalry, along with various community councils and the Dalry Parish Boundary Trust, to ensure funds are made available to organisations who need it most. The financial support is through both money diverted from wind farm community benefit funds and directly from Community Windpower itself.

Diane Wood, community benefits director at Community Windpower, said:

“We’re living in worrying and unprecedented times for everyone, and now is the time we need to dig deep and help people in communities that are being negatively impacted by this crisis. Our support to the local communities began a few weeks ago, but we quickly realised from speaking to organisations that wider help was urgently required. That’s why we have now created official funds, alongside financial support to organisations we have ongoing partnerships with. Our funds are now open to applications from registered organisations, and we’re looking at providing decisions on all applications within 48 hours. We’ve done this to ensure the money we provide reaches those who need it most.”

To apply to the fund, please contact Anouska on 07747 787 192 or email anouska@communitywindpower.co.uk

UK Insurance and Long-Term Savings Sector Set Up New COVID-19 Support Fund | total £100m | open now

New funding for community-based charities and charities supporting the most vulnerable across the UK. Working in partnership with the Charities Aid Foundation (CAF), and a network of partners, including the National Emergencies Trust, the UK insurance and long-term savings industry have launched a new fund to help support some of the people hardest hit by the coronavirus/COVID-19 crisis.

About £82.6 million has already been pledged with another £17.4 million yet to be raised to meet the

goal of £100 million.

The funding is intended to provide immediate relief to charities affected by COVID-19, as well as a longer-term programme of support for people, communities, and issues where there is the greatest need, including:

- Community based charities that are under unprecedented strain
- Charities supporting the most vulnerable – in particular, families and children living in greatest poverty and older people in isolation
- Initiatives to promote wellbeing and mental health across society

Please note: Charities will not be able to apply for funding directly as the money will be distributed through umbrella bodies. Further details will be provided as they become available.

Historic Environment Scotland - Heritage & Place Programme | opens March 2022

Historic Environment Scotland (HES) is planning to launch a new Heritage & Place Programme on 30 March. This programme will replace and build on the success of their Conservation Area Regeneration Scheme (CARS) funding programme which ran from 2007 – 2020 (final schemes to complete in 2025) and awarded over £52m to 73 schemes in 69 conservation areas across Scotland. The new programme has been designed to take into account the findings from the recent [CARS review](#) with some of the key changes including the introduction of a two-stage application process with a match-funded Development Phase and the removal of requirement for schemes to be solely in conservation areas. HES are working in collaboration with the National Lottery Heritage Fund on this programme who also provide support for heritage place projects (Area schemes). If you would like to find out more about applying for their funding please contact scotland@heritagefund.org.uk.

An overview of the Heritage & Place Programme can be found [here](#) and the full programme guidance and information about the application process will be published on the HES website on 30 March 2022. If you have any questions about the Heritage & Place Programme in the meantime or would like to note your interest, please e-mail HES at grants@hes.scot.

Zero Waste Scotland Recycling Improvement Fund | total fund £70m | open now

Zero Waste Scotland is administering a brand new £70m fund set to transform Scotland's recycling infrastructure. The Scottish Government's Recycling Improvement Fund, launched on Global Recycling Day, invites applications from all local authorities in Scotland to submit projects to improve services and treatment infrastructure.

Local authorities across Scotland are urged to apply to the fund, to help drive new innovations and improvements to recycling in their area and across Scotland.

The five-year £70 million Recycling Improvement Fund, part of the Programme for Government, aims to accelerate progress towards Scotland's ambitious waste and recycling targets and net zero commitment. It is one of the biggest single investments by the Scottish Government in recycling infrastructure to date.

The fund will be transformational in helping communities move to a more circular economy, where materials and products are kept in use for as long as possible, and where new economic opportunities and social benefits flourish, as we move away from short-term, wasteful, throwaway approaches

Home Energy Scotland Loan Scheme | £32,500 | open now

The Home Energy Scotland loan helps homeowners make energy and money saving improvements to their home. This interest free loan is funded by the Scottish Government and is currently open to applications.

Funding up to £38,500 per home is available to owner occupiers and eligible registered private sector landlords in Scotland. This covers a range of improvements including:

- energy efficiency improvements (such as insulation, glazing and boilers)
- home renewables systems
- connections to an approved district heating scheme powered fully or partially by a renewable energy source
- energy storage systems

Cashback grants are also available for a limited time for certain energy efficiency improvements.

If you are interested in applying or would like more information please call **Home Energy Scotland** on **0808 808 2282** (free from landlines and most mobiles).

Funding operates on a first-come, first-served basis and is subject to availability.

Perth & Kinross Council - Community Environment Challenge Fund | £2,500 - £10,000 | open now

The projects must be led and delivered by community groups, must make a significant difference to the local environment and be widely supported within the community. In addition, there is a requirement for a long-term maintenance commitment for any projects undertaken through the Fund.

Projects which can demonstrate any of the following are a priority for support:

- 'Spend to save' e.g. changing bedding plant areas to herbaceous plants, therefore saving on maintenance and materials
- Physical environmental improvement projects which reduce waste, increase reuse and recycling or use environmentally-friendly materials
- Enhance/contribute to the local economy such as tourism or craft, or use of local materials
- Benefits to the wider community encompassing a range of age groups and abilities
- Link to other existing or planned regeneration initiatives (e.g. conservation area appraisals)
- An ability to complete the project within 12 months.
- Demonstrate environmental sustainability e.g. carbon reduction

For works on Council-owned land, the Council would need to ensure that groups had the requisite skills and experience to let or carry out the works, that groups had adequate public liability insurance and that health and safety requirements were met. Costs relating to these requirements must be included in the overall project costs. In addition, responsibility for future maintenance would need to be agreed with the Council.

For projects which are not on Council-owned land, authorisation should be obtained from the landowner and this must be made clear on the application. Arrangements must be put in place for future maintenance and be approved by the Council.

SEPA - Water Environment Fund | £1m annually | open now

Previously known as the Restoration Fund, the Water Environment Fund provides funding to projects to help restore Scotland's catchments from the source, down through rivers, lochs, floodplains into the estuaries and out to sea. The primary focus of the funding is to tackle impacts on the morphology or physical condition of these ecosystems. Applications welcomed from all, including individuals, charities, non governmental organisations, local authorities, and companies.

Funding will only be provided to projects that go beyond an applicant's duty or regulatory responsibility. Projects funded will: restore the morphology (i.e. the condition of the banks, bed and shore) of the water environment; remove barriers to fish migration; control invasive non-native species (the fund is currently fully committed for this aspect and is closed to new applications for projects controlling invasive non-native species).

Dunard Fund | £5m annually | any time

The Dunard Fund seeks to promote and advance the arts in Scotland, and makes donations principally for the performance of classical music at the highest standard; the education and display of visual arts at an international standard; and the rehabilitation of endangered architectural masterpieces and the design and construction of new architectural masterpieces. The trustees usually dedicate a very small percentage of the fund each year to certain environmental and other projects. As a matter of general policy, the trustees prefer to engage with recipients to enable long-term development of projects and initiatives which have major and lasting significance. They are therefore less inclined to provide one-off donations.

BFI Audience Fund | £5,000 - £50,000 | open now

In [BFI2022](#) we set out our commitment to giving everyone, everywhere in the UK the opportunity to enjoy and learn from the richest and most diverse range of great British and international filmmaking, past, present and future.

Using funding from the National Lottery, the BFI Audience Fund (which replaces the separate Distribution, Film Festival, Programming Development and Neighbourhood Cinema Funds which ran until March 2017) is central to this commitment. This Fund is underpinned by our desire to boost diversity and inclusivity, and to build a broad film culture across the UK which recognises and values the quality of difference and seeks to rebalance under-representation on screen, in the workforce and in

audiences.

There are two types of awards available:

- Project awards
- Organisational awards

CATAX support in R&D tax relief | N/A | open now

You would be surprised by what is eligible for R&D tax relief – it's not just for people in white lab coats. And catax have lowered their threshold for Research and development to support smaller companies through the COVID-19 challenge. Scientific research is eligible, but so are activities such as:

- Software development
- Reduction in waste
- Automation
- Development of innovative recipes/formulas
- Development of new materials
- Improved processes
- Development of new products
- Essentially anything that helps you gain a competitive advantage in a new and innovative way could be eligible for tax relief

The tax laws around R&D tax relief are complicated, and the criteria for eligibility can be ambiguous. In order to get the largest tax relief return, you need to have an expert on your side. Our R&D team only do R&D, meaning you'll be guided by the best in the business.

There's no risk attached and the initial assessment will only take around thirty minutes of your time. We'll thoroughly assess you and if we can't see an opportunity for you to claim R&D tax relief, you walk away without spending a penny.

SmallBusiness Monthly Small Business Grants Initiative | £5,000 | open now

The SmallBusiness.co.uk Small Business Grants Initiative has been established to give promising new businesses the opportunity to receive a cash prize to help them become established and grow their operations into successful enterprises.

Every month, one business deemed by a panel of independent judges to be the most deserving will benefit from a package including a financial grant, as well as being featured on the Small Business Grants website as a monthly winner.

The winners will be those companies deemed to have the most potential in their sector, based on factors such as turnover growth, innovation, aspiration, key projects completed, contracts won and partnerships forged.

The prize for each Promotion is a cash deposit of £5,000. This is a grant that does not have to be repaid. In addition to receiving cash, grant winners will benefit from editorial coverage exploring how they used the money; articles that offer an insight into how a cash injection can benefit small businesses and help them flourish.

The money can be used towards marketing the business offering, investing in technology, or perhaps taking on some part-time staff. Small businesses in the UK that are actively trading, at least one year old

and with a turnover between £50,000 and £500,000 annually may apply. Small businesses are those that employ fewer than 50 staff. The business could be operating in any sector, for example a cafe, those operating a business from home, or perhaps managing a franchise.

Support Programme for UK's Co-operative Businesses | N/A | open now

Launched by Co-operatives UK, the Hive is a £1 billion business support programme designed to enable growth among the UK's £37 billion co-operative economy. The initiative will help people who intend to start or grow co-operative or community enterprises, using various online resources, training and advice.

Between 2016 and 2019 the Hive, the first co-operative development programme of its kind in the UK, aims to support the development of the existing 7,000 independent co-operative businesses across the UK as well as help new co-operatives starting up.

The Hive acts as a cross-sectoral programme of support. Regardless of sector, the Hive is able to support organisations with:

- online advice to guide them through starting up, growth and conversions; and
- direct support, via one-to-one advice, group advice, peer mentoring and skills training.

The Hive offers comprehensive online business advice and guidance, alongside one-to-one support, peer mentoring and group training sessions, covering issues such as registration, membership development, and co-operative finance.

The initiative's online co-operative community is expected to unite member-owned businesses across the country, creating networking and business development opportunities.

DSL Business Finance & Scottish Microfinance Fund | £500 - £50,000 | open now

DSL is a Responsible Finance Provider and a member of the Responsible Finance Industry. DSL provides business start-up and growth loans for small businesses and social enterprises that cannot otherwise access funding from banks and other traditional sources.

Business Finance

The purpose of this scheme is to help businesses to grow and establish themselves, with DSL offering support throughout the duration of the loan period.

Applicants may apply for a loan of between £1,000 and £50,000. The maximum term for this loan will be five years with a fixed interest rate worth between 6% and 9%. There will be a 2% administration fee and no early settlement penalties. Private sector match funding will be required.

This loan could be used to cover expenditure such as cash flow, investment in equipment and stock as well as PR and marketing services, renovation or additional recruitment. Applicants must be able to provide the relevant documentation within their application.

Scottish Microfinance Fund (SMF)

Interested parties may apply for a minimum loan of £500 and a maximum loan value of £2,500 through the Scottish Microfinance Fund. The Fund is administered by DSL Business Finance; an organisation providing start-up and growth loans for small businesses and social enterprises.

The purpose of this scheme is to allow businesses that may have previously struggled to obtain funding the opportunity to access low cost microfinance options at a competitive interest rate. The maximum term for the loan is five years with a 6% fixed interest rate. Clients will be provided with a Loan Officer who will support them through each stage. Multiple funding options are available and there will be a team of funding experts on hand to offer guidance. It should also be noted that some sectoral restrictions may apply.

This scheme is intended for new and existing businesses and social enterprises based in Scotland that are employing fewer than ten people with a turnover and balance sheet less than, or else equal to, £2 million.

Comhairle nan Eilean Siar Micro Business Loans | up to £2,000 | open now

Interest free, unsecured micro business loans are available up to the value of £2,000 with a repayment period of up to two years. Loans are intended to contribute towards general start-up costs, marketing (which may include trade fair attendance), e-commerce enablement and encouraging tourist accommodation providers to "gain a star".

This micro business loan scheme intends to encourage the creation and growth of small businesses which will contribute towards job creation within the local economy. Furthermore, this scheme will assist income generating community enterprises in developing projects that will enhance opportunities to enhance opportunities for long-term sustainability and in stimulating the local economy.

Interested parties should contact Comhairle nan Eilean Siar directly in order to begin the application process. New businesses should provide a business plan alongside financial projections (three years). Existing businesses are expected to provide a proposal overview as well as any other necessary information.

Only one loan can be applied for at any one time, with a maximum of two CnES loans running at any one time. A second loan cannot be provided unless 12 months have lapsed since the last loan was provided with at least 20% of the first loan repaid.

Highlands and Islands Enterprise Community Asset | N/A | open now

HIE can offer financial assistance with capacity building relevant to eligible groups' ongoing development plans. Start-up assistance can help with early investigation of a proposed purchase including professional fees and study visits and initial community consultation. Technical assistance is available to groups in the pre-acquisition stage and to help with bid preparation. Support is available to encourage community participation through networking visits, skills training and employment of part-time community agents. Community land grants are designed to assist communities to purchase areas of land or other fixed assets. Funding for post-acquisition capital costs or revenue funding for project-management costs is available.

Who can apply: Community-led organisations with broad membership from the whole community.

How to apply: To discuss funding for a project please contact the member of staff covering your area, using the 'Key Contacts' menu on the website.

Exclusions: Applicants must operate in the HIE area.

National Lottery Community Fund (Scotland) Scottish Land Fund | £10,000-£100,000 | open now

The fund will help communities take ownership of the land and buildings that matter to them, as well as practical support to develop their aspirations into viable projects. It supports communities to become more resilient and sustainable through the ownership and management of land and land assets. The Scottish Land Fund is open to organisations in both urban and rural Scotland which are community-led, community-controlled, and defined by a geographic area. The National Lottery Community Fund was previously known as the Big Lottery.

Who can apply: Applicants can be from one of a wide range of representative community bodies, including voluntary organisations, social enterprises or community councils.

How to apply: If you want to apply for funding from the Scottish Land Fund please contact them to discuss your idea. If you are eligible to apply they will give you an application form. You will have a named adviser who will support you through the application process.

Exclusions: Ineligible costs include: costs or expenditure incurred before you accept their grant offer; any costs which someone else is paying for; items that only benefit an individual and are not needed to deliver the project outcomes; funds to build up a reserve or surplus; loan repayments; contributions to general appeals.

When to apply: The current funding round closed to stage 2 applications in August 2020. The fund is still open to stage 1 applications. Stage 1 applications typically take around 6 months.

Garfield Weston Foundation | under and over £100,000 | N/A

The Foundation supports UK registered charities working within the UK in the areas of Welfare, Youth, Community, Arts, Faith, Environment, Education, Health and Museums & Heritage.

The Foundation awards grants for Capital, Project and Revenue costs. Where we already have a funding history with you, our Trustees may consider a multi-year request for up to three years, provided you can demonstrate that a longer term commitment will add value to your organisation's objectives.

Regular Grants

For applications below £100,000. These applications are reviewed by our Trustees on an ongoing basis so there are no specific deadlines to worry about. You can apply when you are ready and when your plans and priorities are sufficiently clear to be able to make a compelling case – see our guidelines for details of what to include.

Major Grants

For application of £100,000 or more. These are reviewed at one of the Foundation's eight Board meetings a year and are carefully planned in advance to be fair to all applicants. If you are considering applying for a major grant, please start by sending a one page summary to our Grants Assistant, Ciara Molloy via cmolloy@garfieldweston.org outlining what you are raising funds for, the total cost and fundraising target. We can give you bespoke guidance on whether you are eligible. Please note that if you are applying for £100,000 or more we typically expect your project and/or annual income to be in excess of £1 million. Please do not apply for a major grant through our website.

Types of Grant

The types of grant we make, whatever their size, tend to fall into one of three categories – Capital, Revenue (often called 'core costs') and Project work. The most important thing is that you apply for what you need as this will be your priority and therefore the most compelling for our Trustees.

The Henry Smith Charity - Strengthening Communities Grant | £20,000 - £60,000 | N/A

The Strengthening Communities grant programme is designed to support small charitable organisations working at grassroots level. Through this grant programme we want to make sure that our funding reaches the most disadvantaged areas of the UK, targeting places that are economically marginalised and affected by poverty.

We fund established organisations with a track record of delivering services directly to beneficiaries. We are looking for organisations that are embedded within their communities and are addressing local

needs.

We want to fund work that enables:

- People from across the community to participate in activities which improve connectedness, opportunities and wellbeing
- People who are excluded, vulnerable or facing other forms of hardship to have access to community-based services that support positive lasting change
- A stronger, active, more engaged community

To be eligible for funding applicants must meet the following criteria:

Organisation size: £20k - £500k

Location: UK-wide, must be within the 10% most deprived areas

Funding covers: Running costs which may include salaries, project costs, and small capital costs needed to support the work.

Organisation type: community-led charities and not for profit organisations.

The Henry Smith Charity – Improving Lives Grant | £20,000 - £60,000 | N/A

The Improving Lives grant programme provides grants to charitable organisations that help people when other sources of support have failed, are inappropriate, or are simply not available.

We support established organisations delivering services directly to beneficiaries. We are looking for services which can demonstrate a track record of success, and evidence the effectiveness of the work.

This is our largest grants programme, through which the majority of our funds are distributed.

Organisation size:	£50k – £2m (in exceptional circumstances up to £5m)
Location of work:	UK only
Funding covers:	Running costs, salaries and projects
Organisation type:	Charities and not-for-profit organisations, including social enterprises
